HTML, CSS, JavaScript, Node, React, Express, MySQL, Agile Development, Document Object Model (DOM) APIs, Knex, Sass, Web APIs, User Authentication, Heroku, GitHub, Adobe Photoshop, Gimp, Adobe InDesign, Quickbooks Pro, Final Cut Pro

PROFILE

Passionate junior web developer with a diverse background in various creative disciplines. I have a deep appreciation for the synergy between different mediums and their unique applications.

Recently, I have transitioned my focus to web development, recognizing its vast potential to connect with and impact a wide audience.

Throughout my experience in production roles, I have excelled at problem-solving and consistently sought out innovative solutions. I am eager to apply my adaptability, creativity, and problem-solving skills to contribute to web development projects and continue my growth in this dynamic field.
